

Are you a veteran?

As we approach Armistice Day 2025 Caterham Valley Medical Practice want to remind all patients registered with us that we are committed to supporting our veteran patients.

Veterans are more likely to have both physical and mental health problems linked to their service so please let our team know if you are a veteran as this can be reflected in your medical record. There are also services Veterans can access particularly supporting mental health and you will also get priority referral for any health problems directly as a result of your service.

Additionally, you can apply for an HM Armed Forces Veteran Card which is a way for patients to prove that they have served in the UK Armed Forces. The card can make it quicker and easier to access support and veterans' services, and it's free to apply just google HM Armed Forces Veteran Card.

If you would like access to any of these services please do ask us.

Armed Forces Veteran
friendly accredited
GP practice

We are a Veteran Friendly GP Practice.
