

Repeat prescriptions

A quicker, easier way with the NHS App

Next time, try the NHS App

Request routine repeat medication without completing our website form.

Why use the NHS App?

1 REQUEST

Choose your usual repeat medicines

2 TRACK

See the progress of your request

3 PHARMACY

Approved prescriptions go to your chosen pharmacy

How to request your prescription

1

Open the NHS App

Sign in securely.

2

Select Prescriptions

Then choose 'Request a repeat prescription'.

3

Choose your medicines

Select the items you need.

4

Send your request

Follow the instructions to submit it.

What happens next?

Your request still needs practice approval.

The app may show: Waiting GP approval | Approved by GP | Rejected by GP

If approved, your prescription is sent electronically to your chosen pharmacy.

Routine repeat prescription? Think NHS App first.

Need medication urgently? Contact the practice. If we are closed, use NHS 111.
