

FOR MIDHURST MACMILLAN PALLIATIVE CARE SERVICE

Dr Marcus Panchaud having recently retired from a long career in General Practice needs another challenge so has decided, with a group of like-minded friends, to bike Ride across France and Spain (RAFAS).

He is riding to raise money for Macmillan Cancer Support. Locally, the Midhurst Macmillan Palliative Care Service provide a valuable and much loved community service to all our patients with life-limiting illnesses, please consider a small donation.

He will be part of a self-supported group of six cyclists, leaving on 28th August from Haslemere and cycling across western France into Spain via the Pyrenees hopefully reaching Barcelona on 11th September.

Donating through JustGiving is simple, fast and secure. Please read his story and donate using the following link:
