

Hearing aid maintenance service

Hear Here is a Diocese of Guildford project in partnership with Sight for Surrey and the NHS, where audiology trained volunteers provide community based hearing aid maintenance.

We are able to offer support with any adult NHS hearing aid by:

- checking the hearing aid is working properly
- re-tubing, ear mould cleaning and battery replacement
- checking the fitting of the hearing aid in the ear
- advice on maintenance and cleaning of the hearing aid
- referral back to the hospital for issues that we cannot troubleshoot

All of our community centres are running a session. Please call to advise the centre you will be attending. This service is free.
