

Welcome to the **Grove Medical Centre**.

Follow this guidance to find your way around the building.

This is what our building looks like from the outside.

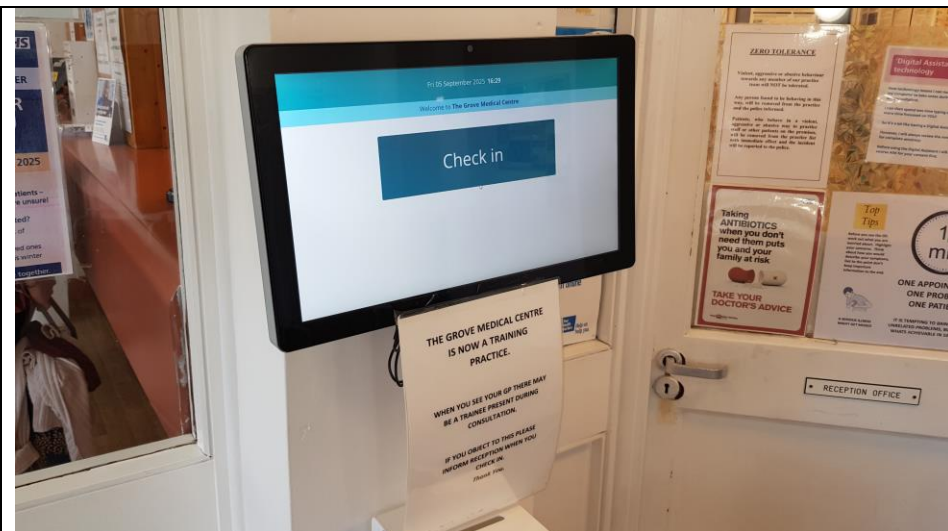

If you are a wheelchair user, **use the dropped kerb** between our two buildings.

If you have hearing difficulties, you can use this **hearing loop** in reception.

If you need to use the toilet, **turn left** when you are in front of reception.

When you came in the waiting area, you can check in for your appointment **on the screen to your left.**

This is the main door, that takes you to **all our consulting rooms.**

This is a second door that takes you to **rooms 7, 8, 9 and 10.**

Thank you for your visit!

If you need any help, please speak to our reception team.
